

North Carolina MathFest Competition

Largest Math Competition in the Country

Travels to Greensboro & Raleigh

2 Days Full of Math Fun & Competition for 1st-8th Graders

We Bring the FREE Math Excitement to North Carolina

Join us for a Free Event to change your child's Math Achievement:

Greensboro on February 8, 2020 (Northeast Middle School)

Raleigh on February 29, 2020 (Marbles Kids Museum)

Our unique combination of math, motivation, and teaming has drawn tens of thousands of students across the country to our competition events. We are now seeking to involve more students by providing them an opportunity to attend a MathFest Event in their area. All 1st-8th Graders may participate at no cost and our broad advancement process will allow more students to advance to a Regional MathFest with support.
